REGISTRATION INSTRUCTIONS

Welcome

We are excited to be launching the new Child Protection Screening process in partnership with the North American Division of the Seventh-Day Adventist Church. The new web-based platform features a training and screening system for both employees and volunteers across all conferences in the division.

Our system provides a comprehensive menu of functions for churches, religious organizations, and facilities from one convenient resource. Additionally, both our program management and communication tools are available to conference administrators 24/7!
